

KVMA VACCINATIONS & WELLNESS

For more information on the Vaccination Clinic and Wellness Screening contact Jody Johnson, 785-482-3362 or 785-466-1861 (cell) , jody1717@gmail.com
Checks can be made payable to KVMA for all testing and/or vaccinations received.

NOTE: There will be a \$5.00 drawing fee for all participants having blood drawn for testing.

Vaccination Clinic

Monday, June 8, 8:00 to 11:00 am

Tuesday, June 9, 8:00 to 11:00 am

Wednesday, June 10, 8:00 to 11:00 am

Rabies and Tetanus vaccine will be available for those desiring vaccination.

Concerning rabies vaccination, the current ACIP recommendations state that serological titers should be performed in lieu of routine boosters for persons previously immunized with a tissue culture (human diploid cell) rabies vaccine. A booster is recommended for persons with a rabies titer of less than 1:5.

Concerning tetanus vaccination, the current recommendation is to have a booster every 10 years.

A nurse from the Kansas State University Lafene Health Center will be available Monday, June 8 from 8:00 to 11:00 am; Tuesday, June 9 from 8:00 to 11:00 am; and Wednesday, June 10 from 8:00 to 11:00 am to administer rabies, tetanus, and adult tetanus/diphtheria/pertussis vaccines.

The Rabies Laboratory will make every effort to have titer results available after 9:00 am on Wednesday for persons having blood drawn by 11:00 am Monday, June 8.

Tests Available:

Comprehensive Panel (\$16.00)
Complete Blood Count (CBC) (\$6.00)
Thyroid Stimulating Hormone (TSH) (\$13.00)
Uric Acid (\$4.25)
CEA (Carcinoembryonic Antigen) (\$13.00)
CA-125 (\$13.00)
CRP (C-Reactive Protein), Quant (Cardiac risk) (\$13.00)
Hemoglobin A1C (Glycated Hemoglobin) (\$10.00)
PSA (Prostate Specific Antigen) (\$14.00)
Brucella Titer (\$17.00)
Lymes Titer IgG/IgM (\$36.00)
Rabies Titer, screening (\$19.00)
Rabies Titer with endpoint (\$24.00)
Rabies Vaccination (\$250.00)
Tetanus Vaccination (\$31.00)
Tdap (\$49.00)

Wellness Screening

Monday, June 8, 7:00 to 11:00 am

Tuesday, June 9, 7:00 to 11:00 am

Phlebotomists will be available on Monday, June 8 from 7:00 to 11:00 am and Tuesday, June 9 from 7:00 to 11:00 am to collect specimens for Comprehensive Panel, CBC with differential, Brucella Titer, Prostate Specific Antigen and/or other tests as listed. A blood sample for a rabies titer may also be collected for testing by the KSU Rabies Laboratory. Samples collected on Monday morning may have results available after 9:00 am on Wednesday morning.

The Comprehensive Panel will include: (\$16.00)

Routine Chemistries

Calcium	A/G Ratio	Total Protein	Chloride
Globulin	BUN	Sodium	Albumin
Creatinine	Potassium	Glucose	CO ₂

Liver Function

Alk Phos	AST (SGOT)	Bilirubin, Total
----------	------------	------------------

Coronary Risk

Cholesterol, Total	HDL Cholesterol
Triglycerides	LDL Cholesterol (Calculated)

For accurate results, conference participants who wish to have the chemistry profile done, should fast for 12 hours prior to the time of testing.

A Complete Blood Count (CBC) with differential can be ordered. An IgG/IgM Lyme's Titer for past exposure titers will be available. CEA (Carcinoma Embryonic Antigen) as a monitor for someone who has had colon cancer will be available.

Each participant will receive the results of their blood work via a self-addressed envelope a few days following the completion of the conference. Results of the rabies titer collected after Monday morning will be mailed to the participants after the conference.
