Merck Veterinary Summer Internships

Merck Research Laboratories

Merck & Co. Inc., established in 1891, is a global research-driven pharmaceutical company dedicated to putting patients first. Consistently cited as a great place to work, we discover, develop, manufacture and market a wide range of vaccines and medicines to address unmet medical needs. Each of our employees is joined by an extraordinary sense of purpose – bringing Merck's finest achievements to people around the world.

Join us and experience our culture first-hand – one of strong ethics & integrity, diversified experiences and a resounding passion for improving human health. As part of our global team, you'll have the opportunity to collaborate with talented and dedicated colleagues while developing and expanding your career.

Internship Description:

We are offering summer internships in 2010 at our research laboratories in New Jersey, Pennsylvania, and Massachusetts. The successful candidate will observe and be involved in cutting edge scientific technologies critical to Merck's mission of disease prevention and treatment. Biomedical sciences at Merck have the vital role of bridging the gap between our understanding of disease processes and the development of new and effective therapeutics for unmet medical needs. The Merck Veterinary Summer Internship Program provides an industrial research experience to highly qualified individuals who have interest in laboratory animal medicine, comparative medicine, pathology, or related areas in biomedical research. The successful applicant will spend 10-12 weeks as an intern at one of the Merck research facilities.

Qualifications:

Qualifications vary by location, but currently enrolled veterinary students, or veterinary graduates enrolled in or having recently completed a residency or research training program in the biomedical sciences are preferred. The internships are intended for those interested in laboratory animal medicine, comparative medicine, pathology, or related areas (pharmacology, toxicology, etc.).

If you are a highly motivated individual who thrives on challenge, you are of value to our business and we invite you to apply.

To be considered for these positions, please visit our career site at <http://www.merck.com/careers/search-and-apply/search-jobs/home.html> and click on "Search Merck jobs database" under "University Opportunities" to review the internships and submit your resume. Applications must be submitted by February 15, 2010.

- **Laboratory Animal Resources, West Point, PA:** **Requisition #: RES000774**
- **Laboratory Animal Resources, Rahway, NJ:** **Requisition #: PHA000876**
