Dear Mr. & Mrs. Browne,

The youth and staff of the Boys & Girls Clubs of Manhattan would like to thank you for generously donating your time and energy for running your pet program at our club on November 15th, 2002. Your program was a great treat for our youth and we thank you for your support.

It is because of people like yourselves that the Boys & Girls Clubs Manhattan have been able to impact over 1000 individual youth yearly in positive programs that build self-esteem, instill confidence, and shape character. We are grateful for your willingness to serve "our kids".

Sincerely for all Youth,
