

Whispering Garden
Pet Tribute
The Whispering Garden is a tribute to animals that have enriched our lives. The college dedicates a special place where our friends can reflect and share their stories. Visitors are invited to walk through, remember, and enjoy memories of their pets. The stones that are still a part of their lives.
Friends who create legacies through the Pet Tribute are remembered forever. The love and care they give to all walks of life. The love of an animal enriches our lives beyond measure.
