

## ***One Health Newsletter***

### **Guide for Authors**

**Article Types.** OHNL will accept letters to the editors, reviews, reports or communications, book reviews, minutes from conferences or meetings. We also welcome original narrative pieces (e.g. essays, poems, drawings) which highlight One Health topics.

**Submission.** Manuscripts are directly submitted to the OHNL Editorial Board for review and editing. Editorial Board, and experts when needed, will work with authors through the editorial process.

**Format.** MS Word file with a limit of 1,000 - 1,500 words. Use Times Roman 12-point type, 8 1/2×11-page setting, 1-inch margin, double spacing, and English language.

**Figures and Photographs (.tiff or .jpeg only), Tables (MS Word only)**

- Each article should include at least two (2) accompanying documents (e.g. tables, figures, photographs)
- Figures and photographs are submitted as a separate file
- Table appears in the manuscript text
- All figures, tables must have a title, legend, caption when needed, and cited in the text
- Table(s) or figure(s) specific location in the text should be indicated as (Figure 1) or (Table 1)
- Images should be a minimum of 600 pixels wide at 72 pixels per inch.

**References and Style.** Each article will include a maximum of eight references. The in-text citations, reference list, and style should follow AMA format. **See next page for examples of AMA.**

**Special Notes**

- Articles must be complete with references and citations before they will be reviewed.
- Articles requiring substantial editing will be returned to authors and may be considered for a future OHNL issue.
- Authors take full responsibility for the content of their articles.
- All external sources (text, illustration) need to be clearly cited and confirm appropriate copyright permission when needed.
- Open source graphics are accepted.
- Authors understand and give permission that the OHNL may use the content, photographs, tables or figures as promotional materials with credit to the author.

**In-text Citation:**

References should be cited with a superscript number

Mulcahy and colleagues reported findings on the collaborative health education for Somali Bantu refugee women in Kansas City.<sup>1</sup>

**References:**

Note: References should be listed in numerical order, based on their order of citation in the manuscript text.
