## PROCEDURE LOG - FOOD ANIMAL VETERINARY CERTIFICATE (v. 2025)

### Overview

#### Competency item summary Duran, Allison As of Aug 06, 2025

Competency item name	Total recorded
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Castration/Dehorn Labs (Models): Apply appropriate methods to situation - Castration, Dehorning & Disbudding; Identify instruments; Surgical and banding castration techniques	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Lameness Cadaver Lab: Bandaging; Bier block techniques; Claw amputation; Facilitated ankyloses methods; Hoof trimming	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Local Anesthetic Techniques: Familiar with all methods, must perform at least one; Inverted L; Line Block; Distal Paravertebral; Proximal Paravertebral	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Physical Exam: Complete a physical exam, including rectal palpation; Knowledge and familiarity with normal physical exam values for camelids, cattle, pigs & sheep	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Procedures and Treatments: Proficiency at performing injections - Caudal epidural, Intramuscular	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Restraint: Apply halter and quick release; Apply tail jack; Manuel chute operation (understand and demonstrate use of a couple models)	0
<i>3rd Year Core Procedures: All procedures required: 3rd Year Core (All):</i> Suture Patterns and Instruments: Demonstrate (model and/or live patient) - Cruciate, Ford-Interlocking, Interrupted, Needle type for tissue, Use of S-Curve needle, Utrecht	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All):</i> Common Procedures and Topics: Knowledge of suture properties and selection of appropriate suture for correct procedure; Proficiency with suture patterns - Cruciate, Cushing, Ford-Interlocking, Utrecht	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All):</i> Diagnostics: Able to perform a packed cell volume (PCV) / total protein (TP); Able to perform and interpret blood collection - jugulaar & tail; Able to perform and interpret California Mastitis Test (CMT)	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All):</i> Local Anesthetic Techniques: Anesthetize an eye with an appropriate method for enucleation; Bier block; Caudal epidural (know appropriate dose); Cornual; Successfully anesthetize a Paralumbar Fossa with an approved method	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All):</i> Musculoskeletal: Ability to perform and analyze results from lameness exam plus hoof evaluation & wood block application; Apply a foot bandage; Demonstrate ability to identify and manage - foot rot, heel warts, hoof cracks, sole absce	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All):</i> Pharmacology: Ability to identify indications, withdrawals, and define antibiotic stewardship; Calculate the appropriate amount to	0

administer to an animal for a specific condition using the drug label of a common drug (antibiotic, anti	
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All): Physical Exam: Complete a physical exam, including rectal palpation; Knowledge and familiarity with normal physical exam values for - camelids, cattle, pigs &amp; sheep;</i>	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All): Procedures and Treatments: Identification - Apply ear tags, Brucellosis ID &amp; Tattoo; Oral Administration - Ball gun, Esophageal feeder (neonates), &amp; Pass stomach tube; Proficiency at performing injections - Intramuscular (IM), Intraven</i>	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All): Restraint: Apply halter and quick release; Apply tail jack; Manuel chute operation (understand and demonstrate use of a couple models)</i>	0
<i>4th Year Core Procedures: All procedures required: 4th Year Core (All): Urogenital: Castration (multiple techniques and species); Cesarean section - Cow, Pig &amp; Small Ruminant; Dystocia Management (fetal oversize, breech, uterine torsion); Proficiency with rectal palpation to determine pregnancy status</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Apply ear tags</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Brucellosis ID &amp; Tattoo</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Diagnostics: Ability to perform and interpret a complete blood count (CBC) / chemistry</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Diagnostics: Ability to perform and interpret blood collection: Cava (swine)</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Diagnostics: Ability to perform and interpret blood smear</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Eye - Extraction</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Eye - Tarsorhaphy</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Eye - Third eyelid flap</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Eye - Third eyelid removal</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Auriculopalpebral</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Bier Block</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Caudal Epidural (technique and know appropriate dose</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Cornual</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Lumbosacral</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Paravertebral (Proximal and Distal)</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Peterson</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Local Anesthesia Techniques: Retrobulbar</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Mamary: Teat amputation</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Mamary: Teat infusion</i>	0
<i>Elective Procedures: 25 required: Elective (25 required): Medication Injection Methods: Fat pad of ear (appropriate product)</i>	0

<i>Elective Procedures: 25 required:</i> Elective (25 required): Medication Injection Methods: Subconjunctival injections	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Musculoskeletal: Apply a foot bandage	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Musculoskeletal: Cast application	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Musculoskeletal: Corn removal	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Musculoskeletal: Hoof trim	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Oral Administration: Ball gun	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Oral Administration: Esophageal feeder (neonates)	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Oral Administration: Pass stomach tube	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Procedures and Topics: Be BQA certified	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Procedures and Topics: Demonstrate knowledge of suture properties and selection of appropriate suture for procedure	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Procedures and Topics: Determine duration to withhold feed and water for general anesthesia (adult ruminant and calf)	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Lift a leg using ropes in a chute	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Restrain a calf in lateral with ropes	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Restrain a calf in lateral without ropes	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Rope casting	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Small ruminant restraint (sitting on rump)	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Tie multiple knots including: Square, Halter, Clove hitch, Half hitch, Bowline, Trucker hitch	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Restraint: Udder \\\\\"clamp\\\\\\" or \\\\\"cinch\\\\\\"	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Buhner Stitch	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Fetotomy	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Purse string stitch	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Rectal prolapse	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Teaser bull preparation	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Urethrostomy (high or low)	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Uterine prolapse	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Castration - Vaginal prolapse	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Cesarean Section - Cow	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Cesarean Section - Pig	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Cesarean Section - Small Ruminant	0
<i>Elective Procedures: 25 required:</i> Elective (25 required): Urogenital: Dystocia Management (fetal oversize, breech, uterine torsion)	0

<i>Elective Procedures: 25 required:</i> <b>Elective (25 required):</b> Urogenital: Rectal palpation to determine pregnancy status	0
<i>Elective Procedures: 25 required:</i> <b>Other:</b> Not on List	0
