

Pathobiology PhD Graduate Program ANNUAL GRADUATE STUDENT EVALUATION

Date: _____ Graduate Student: _____

This document should be filled out by the major professor after both the major professor and the student have completed their individual assessments. The major professor should meet with the student and discuss past performance and SLO expectations and make specific recommendations for improvement.

Based on the last academic year in the Pathobiology PhD Graduate Program, rate the student on the program's four Student Learning Outcomes:

Student Learning Outcomes	Exceeds Expectations (3)	Meets Expectations (2)	Did not meet Expectations (0)	Not Applicable
<i>Abilities to design, carry out the research, analyze the data, and disseminate the research findings.</i>				
<i>Ability to demonstrate professional and technical expertise in the chosen discipline.</i>				
<i>Demonstration of critical thinking and ability to interpret information presented.</i>				
<i>Demonstrate effective use of oral and written communication skills.</i>				

Please list recommendations or suggestions for improvement and also list goals for the student to achieve in the coming academic year.
