

May 3, 2010

Yo Jack,

Darn, this year's row boat just left Maui for the mainland.... You have done a fantastic job of motivating everyone to make it back for the reunion. I will truly miss not being there ---- trying hard to reconstruct what actually happened in those school days and what didn't! Same said for Wichita Falls, correcto?

Anyway, it's great living here on Maui, but more thought provoking to travel! I haven't even crossed paths with Cliff!! Still spending nearly full time at my leisure time activity as a veterinarian, but the water is very close for those play time activities that I have to work at. Enough sad stories, you are most welcome here anytime!! Enjoy the reunion with old times and making great new times!

Take care and Aloha,

***Marc***

PS: You may pass the invite for a Maui visit to our classmates with my best wishes!!
