

CVMGSA SEMINAR

Autonomic Cardiovascular Dysfunction in Hypertension: Contribution from Skeletal Muscle Reflexes

Scott A. Smith

**Department of Physical Therapy and Internal Medicine
University of Texas Southwestern Medical Center
Southwestern School of Health Professions**

Dr. Smith is an Associate Professor of Physical Therapy and Internal Medicine and a member of the Graduate Faculty for Biomedical Engineering at the University of Texas Southwestern Medical Center in Dallas, Texas where he serves as the director of the David M. Crowley Research and Rehabilitation Laboratory. The focus of Dr. Smith's NIH-funded laboratory is the investigation of skeletal muscle reflex control of the circulation with special emphasis on the mechanisms of altered autonomic control in hypertension and heart failure.

If you would like to visit with Dr. Smith, please contact: Steven Copp;
scopp@vet.ksu.edu.

Date: Monday, September 10, 2012

Time: 3:30 PM

Venue: Mara Conference Center
4th Floor, Trotter Hall

Refreshments will be
provided
