# My AU Visit

## India: New Trends of Education

- Education, a global approach
    - Why?
  - Privatization
  - More flexibility in offering education from state funded universities
    - Like Cornell University
  - Global (strategic) partnerships
  - Twin programs between universities of INDIA and the USA
  - Opportunities for developing strong ties between K-State and Indian universities (like AU)

# AU ties up with Kansas varsity

**AU plans tie-up with US university**

**Joint research programmes, exchange of teachers mooted**

**Special Correspondent**

**VISAKHAPATNAM: Andhra University, which signed a memorandum of understanding with the Florida State University of the US, is planning to have its students study in a few subjects in the US university system and joint research programmes and exchange of teachers.**

**Associate Professor of Department of Dermatology and Venereology at Andhra University, Ganta Roman Reddy was present here on Saturday.**

**He said: "The students feel it is better to study in the US universities in subjects like microbiology, zoology, chemistry and engineering under the programme. They will attend the two semesters here and the rest two at the US university. However, we are not sure what subjects the students will take up. We also need to know what is happening in India and the tie-ups with Indian universities would be of interest help."**

**On Friday, Dr. Roman Reddy addressed Rs. 1 lakh to Andhra University in the name of his parents AppalaSwamy Reddy and Santamma, to the students who got highest marks in A. (Education).**

**Registrar P. Vijaya Prakash, Principal of College of Arts and Science, Prof. S. Venkateswaran, professor of education, N. Venkata Rao, and others were present.**
