*We provide quick, friendly service and attempt to schedule students with their requested rotations.

We are the only full-service tertiary care veterinary hospital under one roof in the State of Kansas staffed by clinicians with specialized training and board certification in internal medicine, surgery, anesthesiology, radiology, ophthalmology, theriogenology, cardiology, oncology, dermatology, and food animal production/population medicine.

Our vision is to be regarded as the premier academic unit among our peer institutions. The pursuit of excellence is the overarching factor in all we do. We seek to be the best at what we do. We put our students first and give priority to what we teach as well as how well our students learn.

**State-of-the-Art Intensive Care Unit—
Completed in 2006**

Anesthesiology

**Agricultural Practices:
Herd Health and Individual Animal**
