

**VETERINARY HEALTH CENTER at KANSAS STATE UNIVERSITY  
OFFICIAL PROTOCOL**

**CASE ASSIGNMENTS**

Each section will assign the management of case to a student. Patient case management and care is the primary mission of the VHC and should be viewed as such. Proper management of the case is the basis for much of the clinician's evaluation of your progress toward your DVM degree. Evaluation of your management will include patient care, client communication, as well as interaction with the primary clinician and VHC staff. Failure to properly attend to your cases may lead to an F-grade and dismissal from the College.

**CATEGORY** House officers, Sr. Students
