## SMALL ANIMAL SURGEONS

Walter Renberg,  
DVM, MS, DACVS  
Professor  
Section Head

James Roush, DVM,  
MS, DACVS  
Doughman Professor

Emily Klocke, DVM,  
DACVS  
Clinical Assistant  
Professor

April Durant, DVM,  
DACVS  
Clinical Assistant  
Professor

### Small Animal Surgery Remodel \$3 million

The current Small Animal Surgery suite in Mosier Hall was constructed in 1979 and requires remodeling to reflect modern work flow and sterility considerations. Remodeling the surgical area would improve conditions of many surgical procedures and efficiencies to accommodate increased surgical case load.

### Endowed Small Animal Surgery Resident \$1 million

Addition of a third annually funded Small Animal Surgery (SAS) residency will enhance hospital faculty and bring top talent to the VHC.

### Stryker MicroPower Surgical Instruments \$32,400

New surgical drills/wire drivers are necessary to replace two aging prior model drills require frequent repair. They are used in nearly every orthopedic procedure at the VHC.

### McNamara Endowment, Any Amount

This endowment provides annual funding for a national surgical convention for each SAS resident. It pays the tuition and supply costs for the MS program that is combined with the residency at KSU CVM.

### Surgery Technician Enhancement Fund, Any Amount

Technicians will benefit from an endowment that provides funds to pay for continuing technician education meeting travel, lodging and other expenses not covered by state funding.
